PASSED and ADOPTED by the Common Council of the City of Bloomington, Monroe County, Indiana, upon this 1<sup>st</sup> day of April, 1993.

  
JACK W. HOPKINS, President  
Bloomington Common Council

SIGNED and APPROVED by me upon this 12<sup>th</sup> day of April, 1993.

  
TOMILEA ALLISON, Mayor  
City of Bloomington

ATTEST:

  
PATRICIA WILLIAMS, Clerk  
City of Bloomington

SYNOPSIS

This resolution would allow a covenant to be recorded that would encumber the property known as the John Waldron Arts Center so as to assure the historic preservation of the property for a period of 20 years and to assure compliance with Title VI of the Civil Rights Act of 1964 [42 USC 2000 (d)], Section 504 of the Rehabilitation Act of 1973 [29 USC Section 794] and the Americans With Disabilities Act. It is the intention of the BAAC to comply fully with all terms of the covenant. Should the BAAC default on its responsibility under the terms of the mortgage with the City to operate an arts center in the property then the City as owner would be required to obtain permission from the State prior to making visual or structural alterations to the building.

Dear Chris:

As you know, I have built affordable housing in the Miller Drive area. I propose to build two more duplexes for families with incomes at or below 60% of area median income. I have two lots already properly zoned for duplexes in my Huntington Renaissance development. The proposed buildings are similar in design to the buildings in our Covey Parke development. They will each have two bedrooms; the two first floor residences are designed for wheelchair access and have specially designed kitchens and baths.

I am writing to you to ask for your help. I need tax abatement in order to build affordable housing. Let me explain. Even though the low income housing tax credit is the primary government program that allowed us to build affordable homes, we have found that tax abatement is also required to allow for mortgage payments. I found this out the hard way. The largest development Covey Parke was awarded a 10-year property tax abatement and has sufficient income to meet its expenses. However, my first building at 1819-1821 S. Covey Lane did not receive property tax abatement because we did not request it. The building at 1819-1821 loses approximately \$600 per year even though we charge the maximum rents. At Covey Parke we are able to charge as much as \$50. per month less rent for a 3-bedroom residence. Our property tax expense at 1819-1821 S. Covey Lane is almost \$80. per month per unit for a total of \$160. per month and over \$1900. per year. Furthermore, the construction of my proposed building will be more expensive than the others due to the street improvements that are required.

I have made every effort to build a neighborhood, not just a housing development; part of my plan has always been to have people of different backgrounds and incomes living together. Our plan for Huntington Renaissance has always been for two duplexes to serve low income persons, but without property tax abatement it will not be financially feasible. I have enclosed some information you may find helpful. I do appreciate your help; I believe in our efforts to provide affordable housing.

Thank you!

Sincerely,

  
Tim J. Henke

These estimates are financially conservative; i.e. rents could be slightly higher, vacancy may be less, mortgage rate may be 8.5%, etc. A 5 year projection with 3% inflation shows rents increasing by \$117.00 per month and expenses increasing by \$70.00 per month (the largest expense is the mortgage which does not increase with inflation). With the 10 year phase in Tax Abatement this project is feasible. If you have further questions or would like more informations please call me. Thank you.
